2004 Official State Trunk Highway System

This booklet provides maps and data listings of the Official State Trunk Highway System and the Connecting Highways in Wisconsin, as they existed at the close of the calendar year 2004.

Included in this booklet are the following:

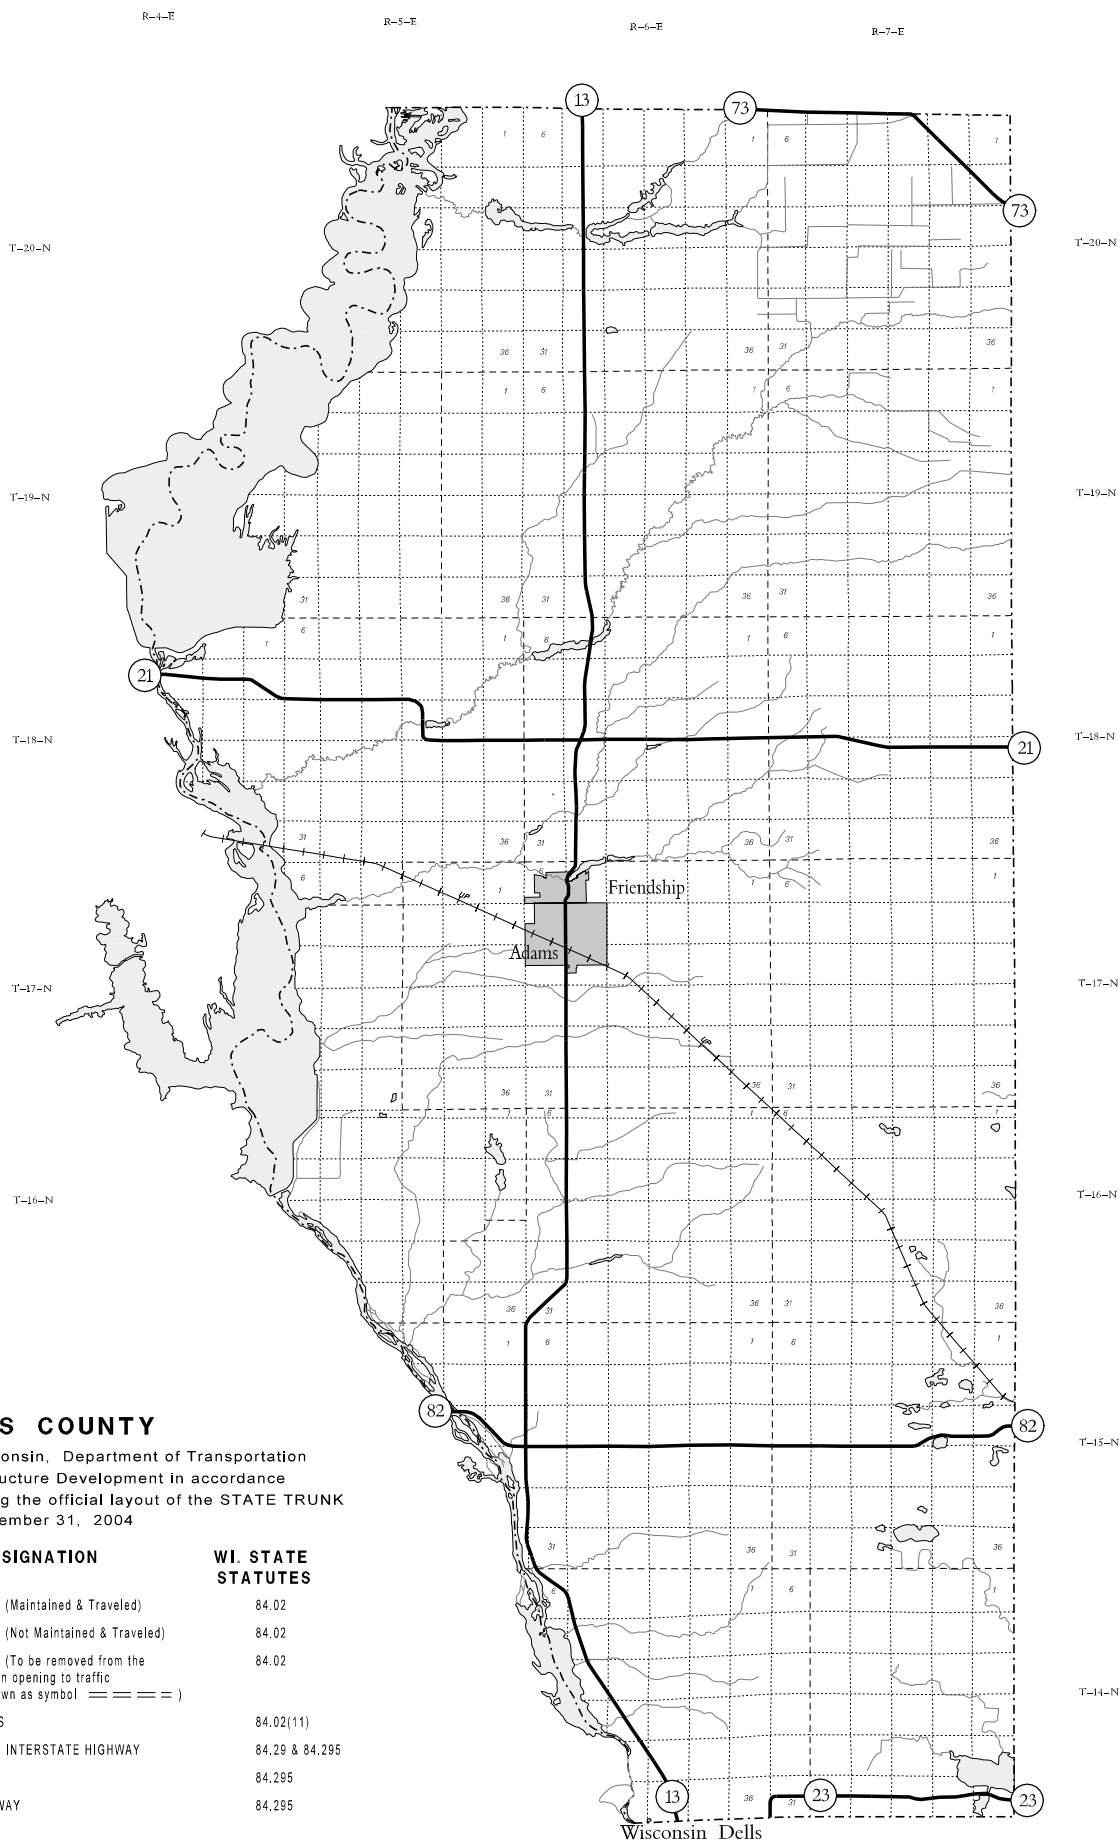

- A. Copies of the county maps, which are maintained by the Department as required by Section 84.02(12) of the Wisconsin Statutes. These county maps, in accordance with the same statutes, have been forwarded to each County Clerk and County Highway Commissioner so that each county has received a copy of their respective county map showing the Official State Trunk Highway System.
- B. A listing of the beginning and ending termini for all state trunk highway routings in the state, including US and Interstate marked routes.
- C. A listing of the connecting highway limits in the various urban areas statewide. These limits are also illustrated on the maps described in A. above and on the city plat maps made by our Planning Sections.
- D. A map of statewide freeways and expressways designated as such under Section 84.29 and 84.295 of the Wisconsin Statutes.
- E. A tabulation of the freeway and expressway designations made by the Department.

Should you have questions regarding these maps, please contact Dennis Hoagland of the Bureau of Highway Development in Madison at (608) 267-3854.

Sincerely,

A handwritten signature in black ink that reads "Dennis Hoagland".

Dennis Hoagland
